

Metric to Imperial Stem to Stem Adaptor

Quickly and easily convert a push-fit connection to a stem type connection

Overview

The John Guest push-fit Metric to Imperial push-fit Stem to Stem Adaptor is a connector designed for converting a push-fit connection to a reduced stem connection. Fast and simple to install, John Guest push-fit fittings create an instant push-fit connection and leak tight seal without the need for tools, hot works or sealing agents.

Engineered to the highest quality, the fitting is suitable for foodstuff, potable liquids and inert gases. In accordance with the British Beer & Pub Association Code of Practice, fittings can also be used with N₂/CO₂ and mixed gas dispense lines, as well as air, pneumatic and vacuum applications. All John Guest fittings are manufactured and assembled in the UK.

Features & Benefits

- Suitable for use with non-toxic food grade material, potable liquids and inert gases
- Safe and secure push-fit connection
- Connect disconnect and reconnect in seconds without tools
- No scale build up improves performance and equipment lifespan
- Superior flow characteristics

Product Code	Description	Size
NC478	Stem to Stem Connector	15mm - 3/8"

Metric to Imperial Stem to Stem Adaptor

Application	Maximum working temperature °C	Maximum working pressure, bar
Potable Water	20	10
Intermittent Hot Water	60	4

Materials	
Body	Acetal Copolymer

Application
Potable Liquid
Water Treatment & Purification
Inert Gases
Vacuum

Dimensions – All measurements in mm unless otherwise stated
